Cost to call Iridium, Thuraya and Globalstar is \$7.64 per minute. Cost to call Inmarsat is up to \$12.97 per minute.

Pivotel New Zealand (Pivotel) Iridium Certus Land plans use the Iridium Mobile Satellite Network. Satellite reception limitations and some exclusion zones apply. Visit www.pivotel.co.nz/iridium_nz_coverage for a coverage map. An Iridium Certus terminal is required to access the Pivotel Iridium Certus Land service. All plans have a minimum contract term and change of plan is not allowed during your contract term. All calls are charged in 60 second increments unless otherwise stated. Any stated minute charges are to band 1 countries only (which includes New Zealand). Calls to higher bands may be at higher rates. Pivotel may apply call barring where fraudulent use is suspected or for credit control purposes. Data is charged in 1KB increments. Prices are in NZD including GST and are subject to change. Minimum cost is monthly access fee x contract term. Actual charges may vary on your statement as charges are rounded to the nearest cent before GST is included. You may receive a pro-rata access fee charge on your first Pivotel bill, calculated from the actual date of service connection to the date of your first bill. You will receive a bill by email from Pivotel listing any payments you have made during the billing period, and a summary of your service usage to enable you to keep track of your overall service usage and monthly spend. Itemised billed and unbilled service usage is available in the secure Selfcare website at www.pivotel.co.nz/selfcare. An itemised bill listing all of your service usage events is available on request. You may elect to receive a paper bill by post for an additional fee. Pivotel plans are available to credit approved customers only.
